

8020

Design by Francesco Dei Rossi

Glossy, milky white finish.

8020 is a majestic glass working creation characterised by a milky white finish, which results in a glossy, captivating feel. While the decorations are simple, the “rigadin” style arms and body confer a slight sense of classical taste, without sacrificing the modern look to this piece. Highly modular and easily configurable, this chandelier is a great choice when in need of a big lighting piece for a grand hall. The result is a well balanced, proportioned statement piece which looks timelessly contemporary. Dimensions range between a diameter of 180cm and height of 90cm, to a diameter of 200cm and a height of 300cm.
