# QUASAR

design Arch. Alessandro Mognato

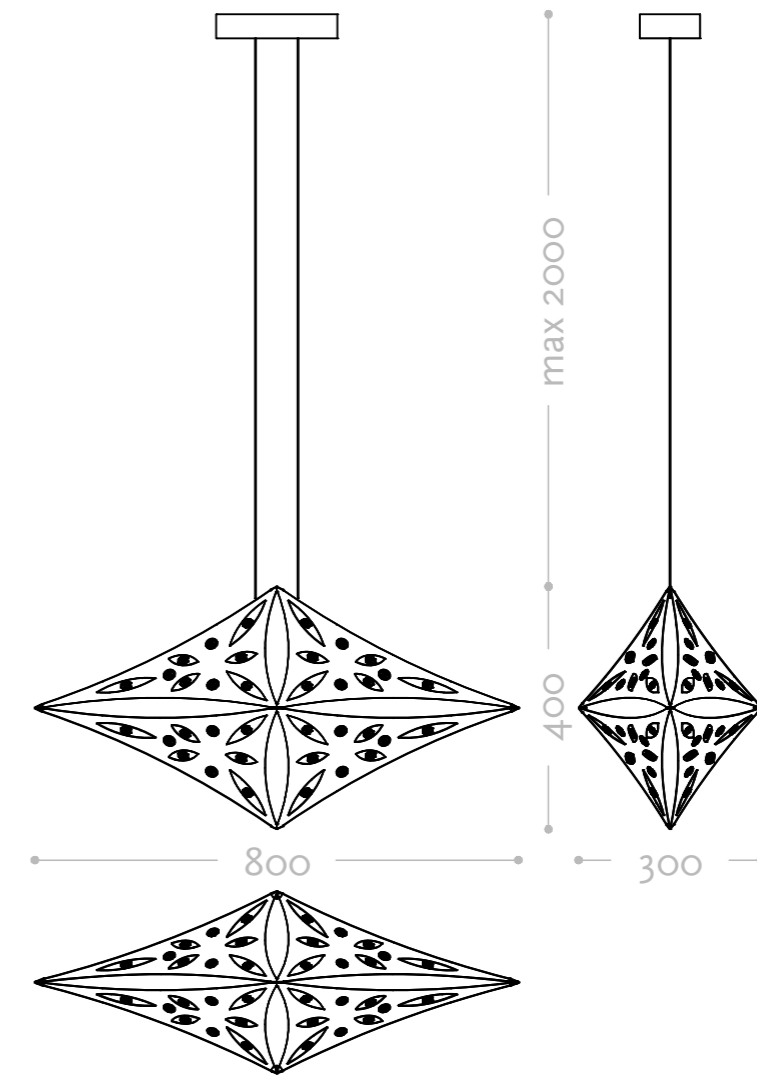

QUASAR: a compact, extremely bright celestial object whose power output can be hundreds to several thousands times that of the entire Milky Way galaxy. This is the concept that has inspired Architect Alessandro Mognato to design the new Aggilight QUASAR collection. The design of the 304 stainless steel housing, with its encapsulated crystal octagons and gold 24kt plated finishing, perfectly hide the powerful hi-tech LED solution. QUASAR is equipped with 2 x 6,4W minimum, up to 2 x 12,4W maximum LED chip with several available options, starting by the basic WW 3000°K configuration emitting 2 x 875lm = total 1750lm / 2 x 6,4W = total 12,8W up to NW 4000°K configuration emitting 2 x 1620lm = total 3240lm / 2 x 12,4W = total 24,8W. Moreover any version can be DALI or 0-10V dimmable and eBLUE optional box is available for Each single lamp to control it through Casambi opensource application for iOS or Android dispositives.

QUASAR design has been developed by Architect Alessandro Mognato to fit each lamp through orizontal layout or vertical layout, as preferred by Client. The lamp can perfectly fit into best houses making each space sparkling and exclusive. QUASAR is also a perfect module for hospitality projects: in fact it can be used to create compositions for lobbies, main halls, banqueting rooms and ballrooms. Architects and Interior Designers can apply QUASAR module to create clusters, falls, linear compositions, rings, regular shapes and any other composition they imagine. Any bespoke solution can be created for unique spaces and they can be enriched through refined stainless steel plates to hide drivers and controllers. QUASAR: there bright solution for exclusive projects. Design by Arch. Alessandro Mognato, manufactured by Aggiolight Italy.

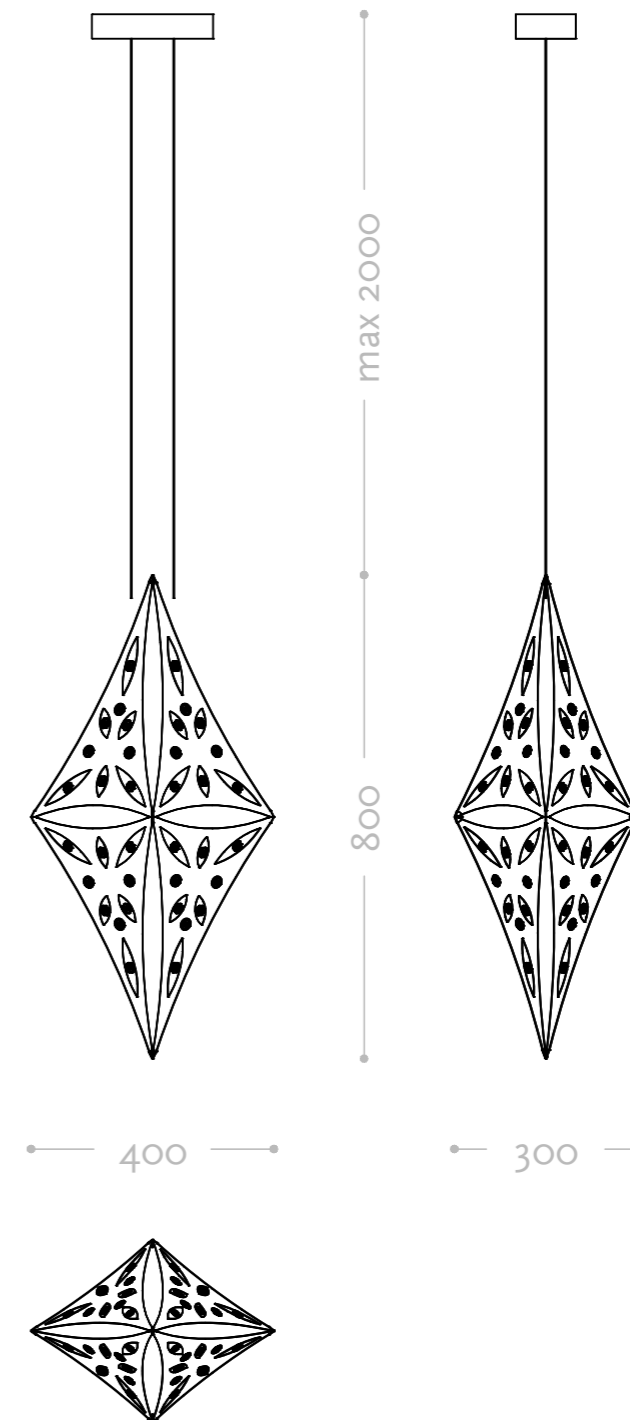

### **QUASAR 9065-2S-O**

Hanging lamp / orizontal layout

2 x LED 6,4W 700mA - 3000°K 875lm - 4000°K 950lm - 5700°K 975lm - DALI dimmable driver included - eBLUE Bluetooth + Casambi App for iOS and Android available optional.

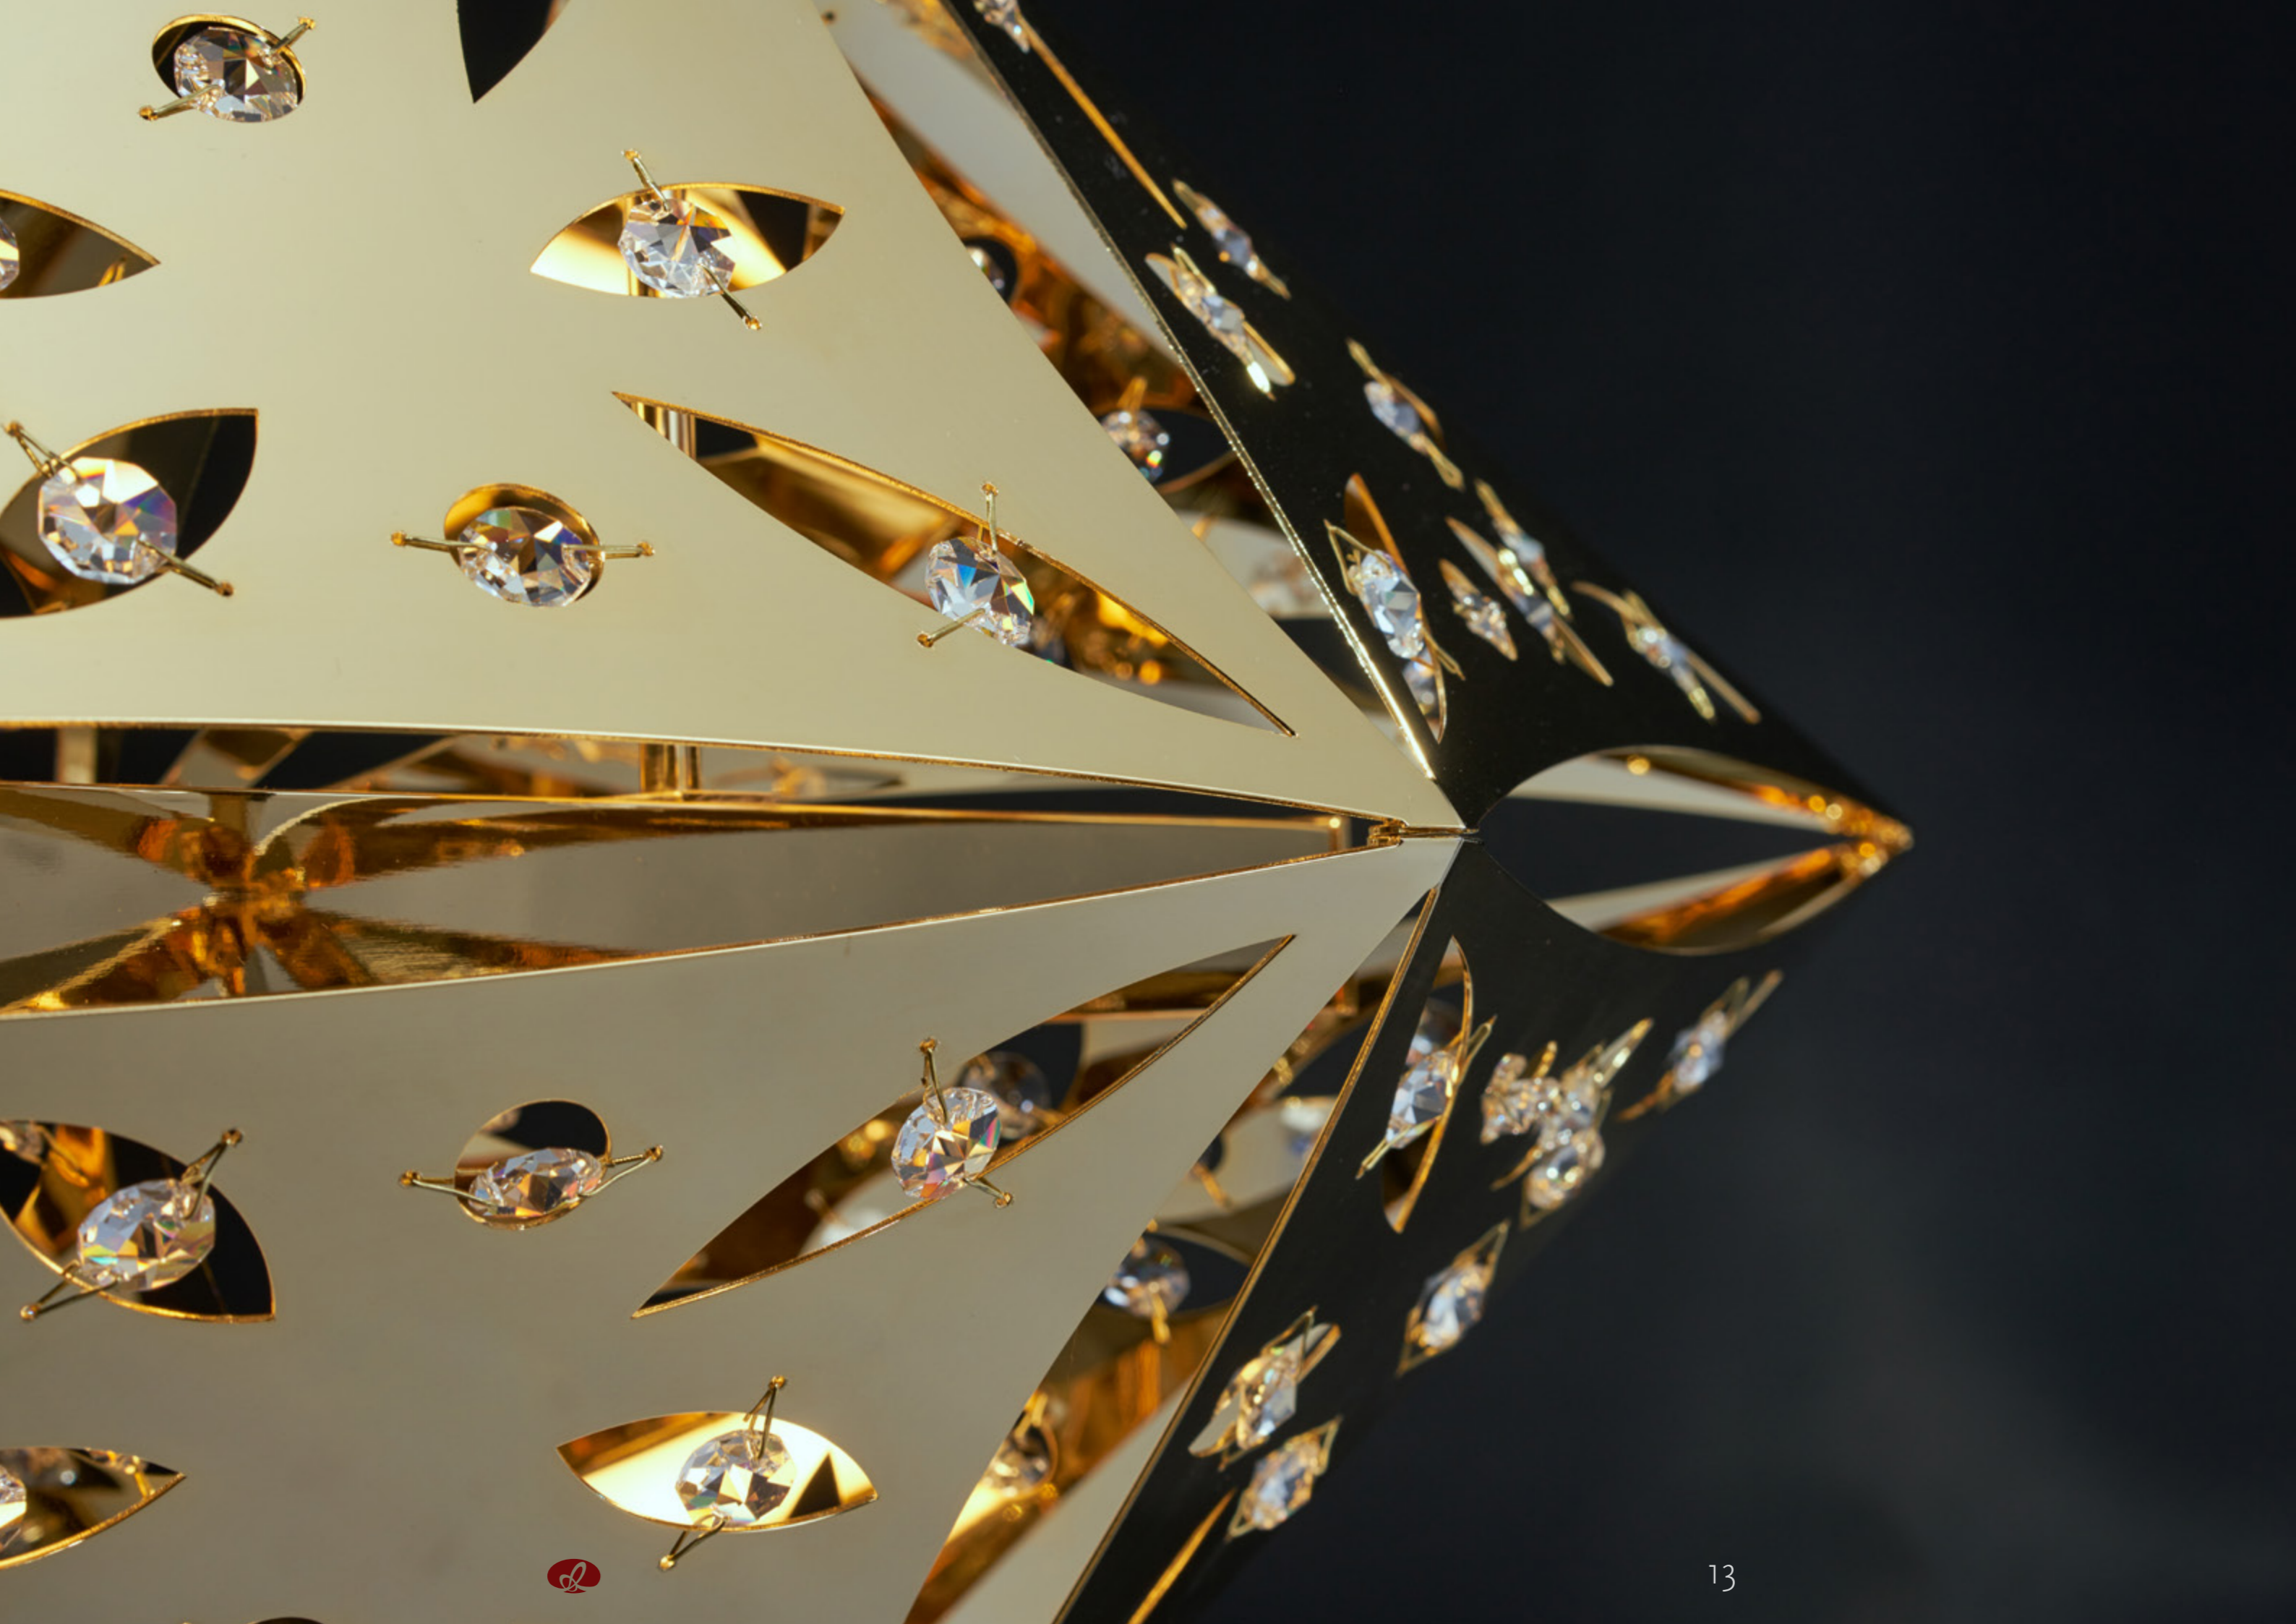

### **QUASAR 9065-2S-V**

Hanging lamp / vertical layout

2 x LED 6,4W 700mA - 3000°K 875lm - 4000°K 950lm - 5700°K 975lm - DALI dimmable driver included - eBLUE Bluetooth + Casambi App for iOS and Android available optional.
