

PALM WALL LAMP

nature collection

Reminding us of dense forests, tropical plants are a sight to be seen in various places around the world. Famous for its exotic leaves and inspiring Creativemary to take the joy of nature to your room, the fan palm tree is enormously sensitive and kind. With a circular-shaped structure, its silhouette is expanded through uneven oxidized, aged brushed and polished brass stripes, as if they're dancing to a windy song. Giving it a sophisticated touch, the center is in pink Estremoz with little spheres of polished brass surrounding it.

MATERIALS & FINISHES

Structure Polished, aged brushed and oxidized brass
Detail in Pink Estremoz marble
