9×60W G9

L'elemento distintivo di questo modello della collezione Puppet Ring sono gli anelli con diametro crescente, che possono essere accostati con sequenze differenti per costituire l'armatura su cui andare ad appoggiare le preziose sfere in vetro di tre dimensioni differenti che si fondono con la struttura grazie ad una preformatura interna al vetro soffiato. Esteticamente leggero ed elegante, Puppet Ring coniuga in modo etereo vetro cristallo, fumé, ambra e bianco sfumato con finiture oro e nickel nero satinato.

The distinctive feature of this model from the Puppet Ring collection are the rings with increasing diameter. They can be combined in different sequences to form the framework on which the precious glass spheres in three different sizes are placed, blending with the structure thanks to a preformation inside the blown glass. Aesthetically light and elegant, Puppet Ring ethereally combines crystal, smoky, amber and shaded white glass with gold and black matt nickel finishes.
