

100

100 brings multiple glass artists together in a performative act. Molten glass bubbles are prepared by each, then smashed together to produce unpredictable interlocking glass forms.

100

Lamping

1.5w LED (2000K, 2500K,
or 3500K)

Material

Blown glass, braided metal coaxial cable, electrical
components and white powder coated or brushed
nickel canopy.

Patent

US Patent Pending
EU Patent # 008526131-0001

LOW VOLTAGE LUMINAIRE
E476186

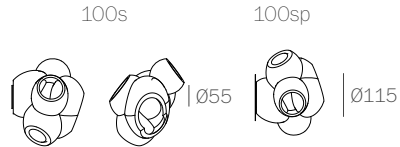

±150-191
(5.5'-7.5')

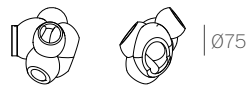

100

Surface Mount

Wall/ceiling

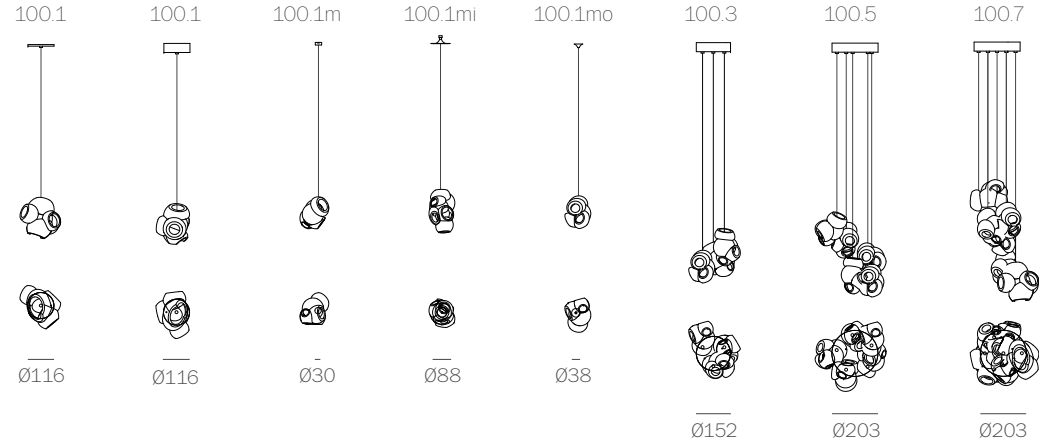

100s Brass

Adjustable Lengths

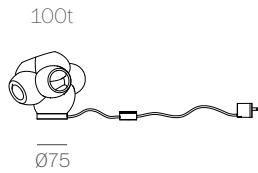

Random canopies.

adjustable up to 3000 (10') standard

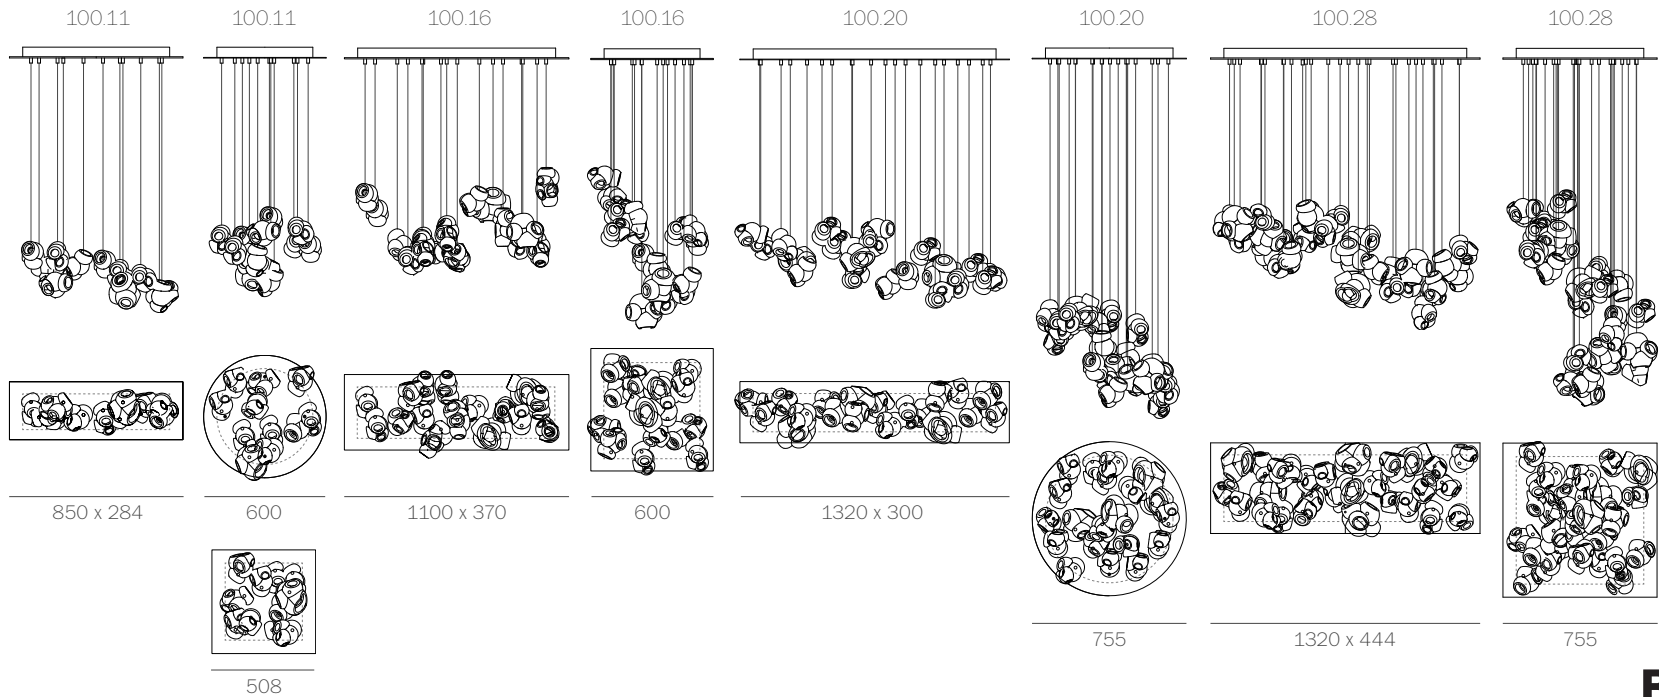

adjustable up to 30500 (100') custom

Table Light

Fixed Lengths

Random canopies.

fixed length up to 3000 (10') standard

fixed length up to 30500 (100') custom
