

_technical data

Rilettura in chiave destrutturata dell'estetica classica dei lampadari a sospensione. Mikado è un intreccio di linee e piani che producono un fluttuante movimento nello spazio generando figure geometriche semplici o complesse.

Le varie versioni a sospensione, lineari o circolari, permettono diversi gradi di personalizzazione ed elaborazione della struttura: sobria e minimalista o complessa ed eccentrica grazie alla sovrapposizione di piani ad altezze asimmetriche.

Le sorgenti a LED sono racchiuse in particolari metallici di forma conica, disponibili anche con diffusore in vetro soffiato satinato che impreziosisce ulteriormente la collezione.

Relecture sous un jour déstructuré de l'esthétique classique des lustres à suspension. Mikado est un enchevêtrement de lignes et de plans qui produisent un mouvement fluctuant dans l'espace générant des figures géométriques simples ou complexes.

Les différentes versions à suspension, linéaires ou circulaires, permettent différents degrés de personnalisation et d'élaboration de la structure : sobre et minimaliste ou complexe et excentrique grâce à la superposition de plans à des hauteurs asymétriques.

Les sources à LED sont contenues dans des éléments métalliques de forme conique, également fournis avec un diffuseur en verre soufflé satiné qui enrichit ultérieurement la collection.

A deconstructive reinterpretation of the classical aesthetics of pendant chandeliers. Mikado is a mixture of lines and planes that produce a fluctuating movement in space creating simple or complex geometric figures.

The various linear or circular pendant versions allow different degrees of customization and elaboration of the frame: simple and minimalist or complex and eccentric thanks to the overlapping planes at asymmetric heights. The LED sources are enclosed inside of conical metallic elements, available also with satin blown glass diffuser, further enriching the collection.

Relectura en clave descompuesta de la estética clásica de las lucernas suspendidas, Mikado es un enredo de líneas y planos que producen un movimiento oscilante en el espacio generando figuras geométricas simples y complejas.

Las varias versiones a suspensión, lineales o circulares, permiten varios grados de personalización y elaboración de la estructura: sobria y minimalista o compleja y excéntrica gracias a la sobreposición de planos de alturas asimétricas.

Las fuentes de LED están encerradas en detalles metálicos de forma cónica, disponibles incluso con difusor de vidrio soplado satinado que valoriza ulteriormente la colección.

Eine unstrukturierte Neuinterpretation der klassischen Ästhetik von Hängelampen. Mikado ist ein Geflecht aus Linien und Ebenen das schwankende Bewegungen im Raum produziert, indem es einfache und komplexe Geometrie-Figuren erzeugt. Die verschiedenen Ausführungen der Abhängungen, linear oder kreisförmig, ermöglichen diverse Möglichkeiten der Personalisierung und Ausarbeitung der Struktur: schlicht und minimalistisch, oder komplex und exzentrisch, dank der Überlappung der Ebenen in asymmetrischen Abständen. Die LED-Lichtquellen sind eingeschlossen in metallische Teile mit konischer Form. Erhältlich auch mit Diffusor aus satiniertem und geblasenem Glas, das die Kollektion nochmals erheblich aufwertet.

Новая интерпретация в деструктивном ключе классической эстетики подвесных светильников.

Микодо – это переплетение линий и плоскостей, которые вызывает колышущее движение в пространстве, создавая простые и сложные геометрические фигуры.

Разнообразные версии подвесного светильника, как с линейным, так и с круговым расположением, позволяют разную степень персонализации и отделки структуры: строгую и минималистичную или, благодаря асимметричному расположению плоскостей по высоте, сложную и эксцентричную. Источники LED заключены в металлические элементы конической формы, которые также могут быть предложены с рассеивателем из дутого сатинированного стекла, придающего коллекции дополнительную ценность.

Struttura: metallo nero opaco.

Frame: matt black metal.

Struktur: Metall, mattschwarz.

Structure: métal noir mat.

Estructura: metal negro opaco.

Структура: металл, выполняется в черном матовом цвете.

Diffusore: vetro satinato.

Diffuser: satin glass.

Diffusor: Satiniertes Glas.

Diffuseur: verre satiné.

Difusor: vidrio satinado.

Рассеиватель: Сатинированное стекло.
